SKILLS & EXPERIENCE

•**Creative Activity and Teaching:** classical piano, jazz piano, classical theory, jazz theory, jazz improvisation, composition, counterpoint, arranging, production, MIDI, Logic Pro, Final Cut Pro, notation software, breaking down difficult topics into easy steps, helping every student master important skills and become fluent in them, classroom management, time management, syllabus development, creation and administration of class materials (assignments, exams, quizzes), fast and accurate grading, maintaining an easy-to-use Canvas course, attention to detail, verbal and written communication, differentiating instruction for students at varied academic levels, accommodating a variety of academic levels of students into one classroom, empowering students to break down difficult problems into easy, manageable steps.

•**Teaching Materials Created:** lead-sheet jazz tunes, written-out jazz piano arrangements, theory exercises, aural skills exercises, keyboard exercises, part-writing conventions and exercises, figured bass exercises, jazz improvisation exercises, an introduction to set theory, and charts on chords, scales, meter, form, non-chord tones, melody-writing conventions, species counterpoint, and six-four chords. I have also created ten video tutorials on jazz harmony, a tutorial on meter and tuplets, and three tutorials on diminished seventh chords—all are publicly available on my YouTube channel.

•**Technological Experience:** Apple, Pages, Numbers, Gmail, Google Sheets & Forms, Microsoft Word, Outlook, Logic Pro, Final Cut Pro, Keyboard Maestro, Finale, Canvas, Python.

•**Writing:** Music theory (both academic/technical and pedagogical), analytic philosophy (over 160,000 words of revised essays), Python coding (12 years of on-and-off experience), instruction manuals, fiction (50,000-word published novel), detailed schedules, planners, and itineraries.
